FATAL ACCIDENT.

Mason County Man's Mishap in Clark County.

FAINT HOPE OF HIS RECOVERY.

Special to Public Ledger.

WINCHESTER, Ky., April 9th.

A short time ago Isaac Peggs came from his home at Charleston Bottom to Clark county, where he has been at work handling tobacco.

Tuesday he was in Winchester and evidently had been drinking.

After dark he started up the C. and O. road towards Mt. Sterling and was struck by one of the passing trains, as it was found the next morning a few miles east of this city.

He was brought to the city and Drs. Shirley and Jeffries examined his wounds.

He had been struck back by the left ear near the base of the brain, the skull was fractured and brains were oozing out, the scalp was badly torn nearly to the forehead and the face near the left eye was terribly swollen and discolored.

He was about 30 years old and unmarried.

A brother, George Peggs, lives on Dr. Miller's farm, and is one of the hardest workers in the county and a good citizen.

Another brother, John Peggs, recently bought a farm near Grassy Lick, Montgomery county.

Strange to say Peggs is still living, but there is little or no hope of his recovery.

THE MAID FOR ME.
For blue eyes or brown eyes I care not a fig
But the maiden who touches my heart
Is the one who is cheery and hopeful and glad;
Whose banter leaves never a smart.
A fair face may alter and bright eyes grow dim;
But always a maid that is gay,
Who smiles in the sunshine and laughs at the clouds,
As glad in November as May,
Will prove a dear blessing wherever she goes,
And life will be sweet by her side;
And this is the maiden I'm longing to meet,
To woo and to win for my bride.

ENCOURAGED.

The Cuban Insurgents Pleaded by the Action of Congress.

Members of Good Families Leaving Cities and Towns in Numbers.

And Joining the Insurgent Forces—More Still in the Western Province—Gómez in the Santa Clara Province—Spanish Garrisoned by Rebel Fire.

HAVANA, April 8, via Key West, Fla., April 9.—The Cubans are greatly encouraged by the action of congress. They say it is certain to have a good moral effect and hope for practical benefit also. Members of good families are leaving cities and towns to join the insurgents in great numbers. The severe enforcement of Weyler's decrees is driving many to do this.

The government has still failed to crush Gómez in the western province. He is west of the strong line between Marcel and Majana, but several parties have crossed and entered Havana province. Laceret, with 5,000 men, has moved from the east. All the wires west and south are cut and accurate news of the movements of the rebels is not obtainable. The government has been silent for four days, although it is known here that several important engagements have been fought. The hospitals are crowded with wounded and sick soldiers. Now that the yellow fever season is beginning, there is no room for victims. The prisons are also filled with political prisoners. The government was obliged to transfer 700 from Cabanas' fortress to the city prisons. Gómez was last reported in Santa Clara province, moving in the direction of Sagunale. His forces entered the important town of Sagunale. Vera, taking supplies and ammunition. The troops start themselves in and allowed the town hall and several other buildings to be burned. Refugees from the town have arrived at Ranchuelo.

The Spanish gunboat Alvarado was badly damaged by the rebel fire in attempting to enter the port of Marabí, near Baracoa. The balls shattered the boiler, penetrated the deckhouse and entered and traversed the sides. The gunboat finally returned to Baracoa for repairs. The official report says one sailor was wounded.

During a night attack upon the town of Hoyos, about fifteen miles west of Havana, the Spanish troops shot and killed four women and two children and wounded others. The troops occupied four forts. The insurgents entered the town crawling on hands and knees, fired upon the forts, burned a number of houses and retired. The troops later sent a group of people on the principle street, fired a volley from the fort, mistaking the women for children for insurgents in the darkness. The accident is greatly deplored. Seven prisoners of war condemned to be shot in Cabanas fortress Monday morning have been reprieved pending a vote of the house. The general belief is since the action of congress no more insurgents will be publicly shot under the hands of the government. There is nothing new in the cases of Walter Dwyer and other American citizens imprisoned.

NORTHERN PACIFIC.

Joint Resolution on the Reorganization of the System and to Sell Lines Along the Line.

WASHINGTON, April 9.—The Northern Pacific railroad in the future to be sold at foreclosure sale, is the subject of a joint resolution introduced in the senate at a late hour Wednesday afternoon by Senator Mitchell of Oregon. The resolution is quite voluminous, and is intended to facilitate the reorganization of the Northern Pacific system, and to secure to the settlers along that line the right to purchase at a price not exceeding \$10.00 per acre, the agricultural lands within its grant. It also prohibits the present company, the purchaser under the foreclosure or any other person who may become its owner, from giving by consolidation, sale or other corporate action, control of its railroad any corporate or other interest in any association of persons owning, operating or controlling a parallel or competing road.

RICHMOND, Va., April 9.—Mr. John Pope, vice president of the American Tobacco Co., died at the residence of Maj. Louis Givner in this city at 9:15 o'clock Wednesday night. Mr. Pope was a native of Brooklyn. His parents were born in Bavaria, Germany. He was about forty years of age. He resided in Richmond with Maj. Givner, about twenty-two years ago. He was unmarried and leaves a brother and two sisters who live in Brooklyn.

The Indiana Gun Hoarded.

CHARLESTON, S. C., April 9.—A special to the News and Courier from Beaufort, S. C., says: At half past four o'clock Wednesday afternoon, one hour before high water, the Indiana backed out of the dry dock at Port Royal. Only one tug was required to start her and she steamed out without difficulty and proceeded seaward. Her exit in without trouble, drawing 34 feet 6 inches in the dock to 25 feet outside, was a perfect success.

Schooner Martha Seized.

KEY WEST, Fla., April 9.—The schooner Martha, that left this city on the night of March 31, with arms and ammunition was seized Wednesday by the collector of customs for violation of section 4377 of the revised statutes of the United States, having been found in this district for foreign ports without first obtaining a certificate of register.

Sentinel Quay Redoubled.

DAVENSLEY, Pa., April 9.—The republicans of the 17th congressional district Wednesday selected two delegates to the national convention and endorsed Quay for president.

THE STONE MURDERS.

John Smith, Under Arrest, Confesses That He Did the Killing With a Baseball Bat—Smith is From Stone's Lover, Alameda, O., April 9.—John Smith and Decelle went over to the Porter place Wednesday afternoon and made a thorough search of the premises. They did not find any evidence, they will not say, but in a short time after they reached the house, Doran went out in the barn, and when he came back he brought a big floor sack containing a suit of men's clothing. These were identified by Porter as belonging to John Smith. They were covered with stains, which a partial investigation of the clothes showed to be blood stains. Doran also brought away a blood-stained baseball bat which he found in the barn.

County Prosecutor Wamankar said to the United Press reporter Wednesday that he was convinced that the Stone girls could have given information long ago which would have resulted in the apprehension of the murderer had he been so disposed. Smith, he said, did not go to the county jail, because of a desire to save the family further embarrassment. Even now that Smith has been arrested, the Stone girls are still being an overwhelming fondness for women, which became with him a man's examination Tuesday, which was conducted by the coroner, he was asked several questions concerning his relations with women in general, and Flora Stone in particular. He strenuously denied that anything improper had ever transpired between him and the girl, and that he had never given her the slightest encouragement.

To the reporter's inquiry as to whether or not he had ever told the girl that he killed Mr. and Mrs. Stone and Ira Stillson, but he will not give the reason for his denial. He explained that he did not complete his work, or why it was he used the knife. He stated to the reporter, however, that he administered the death blows to his victims was the baseball bat found Wednesday in Porter's barn. There is no doubt but that Smith is the murderer and other sensational testimony the character of which it is not necessary to even hint at directly is expected to develop Thursday.

THROUGH A BRIDGE.

A Steam Excavator, With an Eighty-Foot Span of a Railway Bridge, Goes Into the River—One Life Lost.

TOLEDO, O., April 9.—At an early hour Wednesday morning a ponderous steam excavator, pushed along by a light engine, jumped the track while crossing the Wheeling & Lake Erie railway bridge over the Maumee river, and tearing through the iron work of the structure, came down into the water. The engine remained on the track. James Marshall, of Ironville, a switchman on the bridge, was killed by the falling of the bridge. His body has not been recovered. He leaves a wife and four children. The property loss is estimated at \$7,000. The bridge was erected in 1882 at a cost of \$250,000. The traffic of the road will not be interrupted. President Blair says arrangements have been made with the Ann Arbor and Pennsylvania railroads to run the latter for the use of its bridge. In the meantime a temporary span will be erected, and the road expects to be running as usual within three days. The bridge was buckling up across the bridge at a high rate of speed when the accident occurred, in contradiction of the company's plans.

ENGLISH PROTEST.

Against the Sultan's Intention to Expel Christian Missionaries From Armenia. LONDON, April 9.—The Daily News Thursday says that resolutions were adopted at a meeting of the Armenian relief committee Wednesday evening protesting against the decision of the sultan to use an irade for the expulsion of all Christian missionaries from Armenia, and urging the British government to make every attempt to prevent such a step being taken. The resolutions also requested the government to make immediate efforts to obtain the release of Rev. Geo. P. Knapp, the American missionary who was ordered to proceed from his station at Bitlis to Constantinople to answer the charge of sedition and murder made by Turkish officials and who is now said to be a prisoner at Diarbekir. It was also urged that an increase be made in the number of British vice consuls in Asia Minor.

PITTSBURGH, Pa., April 9.—A special dispatch from Wilmerding said at noon Wednesday the Westinghouse club-house at this place was totally destroyed by fire caused by a loss of \$50,000. The club-house was one of the finest in the country. The origin of the fire is in the kitchen.

That Disaster Will Overtake the Head of the Dongola Expedition.

Sobs and Moans Burst From the Breasts of the Egyptian Recruits.

Great Uprising and Rallying of the Derwishes—The Green Flag is Up and the Holy War Declared—Derwishes in Cairo and in and around Dongola. They confirm the report that the green flag is up and the holy war declared. Their plan is that 50,000 men will soon be ready to intercept the march of the Anglo-Egyptian army, if the plan of pushing beyond Aschab is persisted in. Gen. Kitchener is known to be yearning for fresh military glory. Aggressive and self-willed, it is feared he will fall into error recently committed by Gen. Kharidi in Abyssinia. He is carefully fortifying as he advances, and in the event of an ordinary reverse he may be able to hold out until English succor arrives.

New York, April 9.—A dispatch to the Herald from Cairo says he can be denied that there exists in Cairo a strong apprehension that disaster will soon overtake the head of the Dongola expedition. Merchants here who have business relations with the Sudanese report that they have information of a great uprising among the derwishes in Cairo and in and around Dongola. They confirm the report that the green flag is up and the holy war declared. Their plan is that 50,000 men will soon be ready to intercept the march of the Anglo-Egyptian army, if the plan of pushing beyond Aschab is persisted in. Gen. Kitchener is known to be yearning for fresh military glory. Aggressive and self-willed, it is feared he will fall into error recently committed by Gen. Kharidi in Abyssinia. He is carefully fortifying as he advances, and in the event of an ordinary reverse he may be able to hold out until English succor arrives.

An American gentleman just down from Egypt says he has seen more than a thousand Egyptian recruits and railway laborers going forward, hundreds of whom were moaning and sobbing like bereaved children. No dependence can be placed in these hints. The preliminary skirmishing so far has given some confidence to the Egyptian troops. The policy of the Sudanese is evidently to draw the invading army as far from its base this summer as possible, so that when the main assault is delivered, retreat for it will mean slaughter.

Many well-informed persons here express the belief that the fate of the Holy Pasha awaits the Serdar's column. The derwishes are better armed and better prepared to fight the Sudanese than the English. Lord Wolseley's advance, they checked as a rule pool-pooh the idea of defeat, but they are all extremely anxious. It is feared that the troops in Matabeleland may embarrass the English government and weaken the support of the Dongola expedition, which must soon be forthcoming. The derwishes are very active in the rear of the Egyptian column and great difficulty is experienced already in keeping up telegraphic communication.
